Want to know more? Here's a closer look at what you can do with Quicken WillMaker Plus:

Your Will

The heart of every estate plan is a will, also known as a last will and testament. This legal document puts you in control of who inherits your property and who would take care of your children if it were ever necessary. Without a will, state law determines these issues. Your will also allows you to name an executor (sometimes called a "personal representative") to carry out our wishes. And you can appoint a trusted person to manage property left to young people. With **Quicken WillMaker Plus**, you can revise and update your will whenever you like.

Living Trust

Ensure that your property bypasses lengthy and expensive probate proceedings.

Your Health Care Directive

Spare your loved ones difficult decisions by laying out your wishes for medical care and naming someone to carry out your instructions.

Health Care Power of Attorney

Name a trusted person (your "health care agent") to make important medical decisions for you if necessary.

Living Will

State what types of medical treatment you do or do not want if you are too ill or injured to direct your own care. Your health care providers must do all they can to follow your wishes.

Your Durable Power of Attorney for Finances

A durable power of attorney ensures that someone you trust (called your "agent" or "attorney-in-fact") will be on hand to manage the many practical, financial tasks that will arise if you become incapacitated. For example, bills must be paid, bank deposits must be made and someone must handle insurance and benefits paperwork. In most cases, a durable power of attorney for finances is the best way to take care of tasks like these.

Your Final Arrangements

Plan a funeral or other ceremony and ease the burden on your loved ones. Describe your preferences for burial, cremation, memorials, obituaries and more.

Documents for Your Executor

Make sure your executor has all the forms and instructions necessary to do the job: checklists, letters, notices and claim forms.

Information for Caregivers and Survivors

Organize your information so that your survivors don't have to. Use these documents to give them details about everything from bank accounts, to passwords, to the names of people you'd like contacted in the event of death
